Shave weeks off on-the-job training

Get your frontline to work — faster

HOW IT WORKS

It's as easy as scanning a sticker

Smart Access is a mobile performance support platform that gives frontline workers instant access to personalized learning. Your workers scan a Smart Access sticker on the store or warehouse floor to trigger hyper-personalized task guidance on a mobile device. They consume the guidance in seconds in the flow of work — shaving weeks off training and helping you upskill and reskill your frontline instantly

THE SOLUTION

Get more out of your workforce

Embed training on the floor
Workers get fast access to personalized training and guidance with technology that's location aware.

Deliver microlearning in the flow of work
Your workers consume on-the-job training and guidance that's specific to their role, skill level and search history — in just seconds.
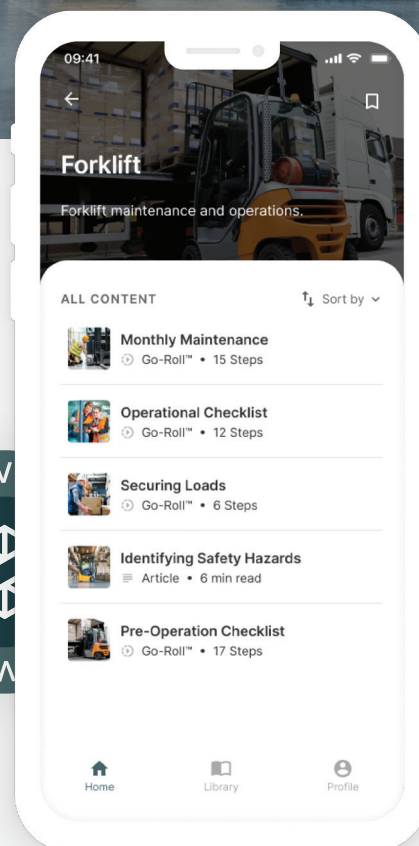

Get direct feedback from the floor
Frontline workforce can easily give feedback like ratings and quick pulse surveys on content via the platform.

Rapidly create and deploy content
Retail leaders can quickly and easily create and distribute bite-size training, like quick how-to videos, checklists and guides.

Access real-time analytics
Get visibility into operational and training gaps so you know if training is effective and where to focus your efforts.

Security standards that let you sleep at night

Dependable storage and backup
Cloud data is securely stored in different locations around the world, and we test disaster and backup plans annually.

Privacy controls
Anything you upload into Smart Access is kept private, backed up daily and never shared with third parties.

Encryption expertise
Strong, effective encryption protocols keep your data from being read or stolen if it's intercepted.
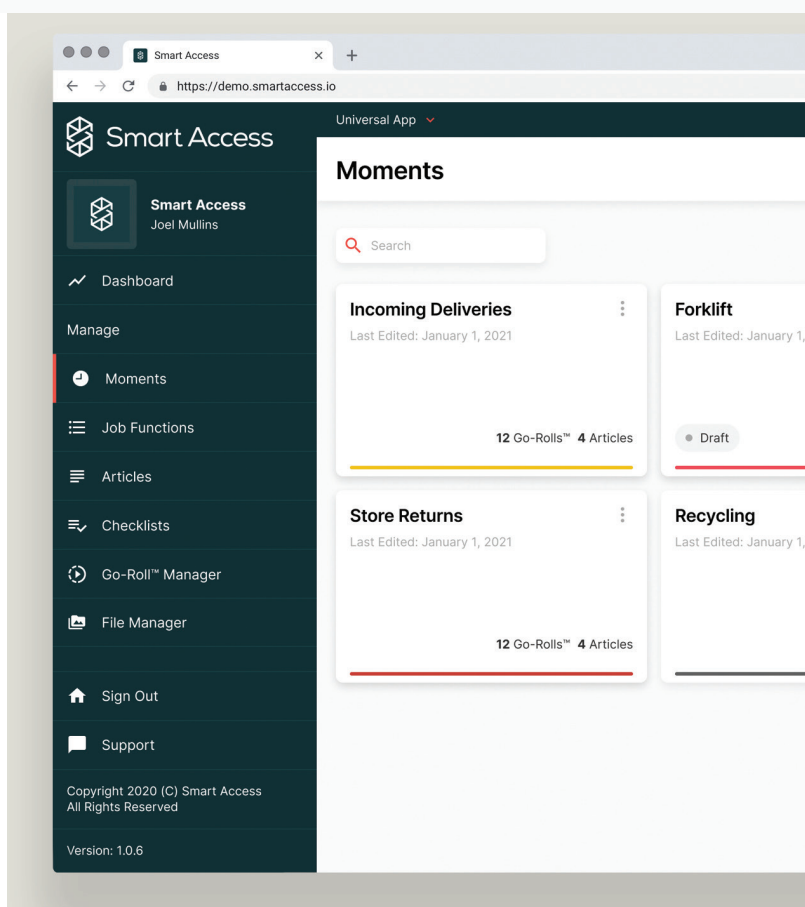

Certifications
ISO 27001 via Google Cloud Platform, SOC II via Google Cloud Platform and CSA CAIQ 3.1.

Mobile specifications

Multiplatform: Android, iOS, RF devices	✔
Direct app store download	✔
Lightweight: Won't strain wifi	✔
Minimal IT support required	✔
Deployment takes just four weeks	✔

Customizable platform

A robust ecosystem of features means that Smart Access can be easily customized for different use cases. We help you transform your existing training materials into bite-size content that your workers can easily consume in the flow of work.
